Masood Ahmad

Associate Software Engineer / Full Stack Developer / MEAN Stack Developer at OneClout

Technically adept Software Engineer with expertise in modern web development and emerging technologies. I specialize in creating dynamic, responsive web applications using Angular, Ionic, and the MEAN stack, delivering scalable and efficient solutions. Experienced in front-end development with a strong foundation in HTML, CSS, JavaScript, and TypeScript, I focus on building intuitive user interfaces

Skills & Strengths

- Bootstrap
- TypeScript
- Node.js
- Create PDF
- ngx-translate
- Storybook
- DerivativeQuery

- HTML CSS
- Tailwind CSS
- Express.js
- Joi
- gitLab
- Mapbox
- localization (i18n)

- JavaScript
- Angular Frontend
- Mongo DB
- ApexCharts
- github
- Rxjs

Experience - 4 years

Associate Software Engineer / Angular Developer
ONECLOUT - Lahor, Pakistan | Sep 2023 - Present
Contributions:

- A SaaS platform optimizing transportation operations with real-time insights, resource management, and multilingual support.
- Developed a scalable Angular frontend using Nx, Module Federation, and ng-query.
- Improved decision-making speed by 25% through performance optimization.
- Created reusable components with custom UI library, reducing dev time by 20%.
- Integrated ApexCharts and Highcharts for dynamic data visualization with robust testing using Jest and Cypress

Full Stack Developer / MEAN Stack Developer
CODEBATCH - burewala, Pakistan | Sep 2022 - Oct 2023

- Reviewed code, debugged problems, and corrected issues.
- Worked with back-end developers to design APIs.
- Developed functional databases, applications and servers to support websites on back-end.
- Analyzed existing software implementations to identify areas requiring improvement.
- Used Node.JS, Express.js MongoDb/No-SQL, Mongoos, Joi to develop and manage databases.
- Developed user-friendly web forms with validation and error handling.

Angular Developer / Front End Developer
CODEBATCH - Burewala, Pakistan | Oct 2021 - Oct 2023

- Updated old code bases to modern component or module, improving functionality.
- Designed customized solutions for proposals to potential customers.
